AT THE
CORE
OF ALL VENTURES RESTS
A FIRM FOUNDATION

IUP Jindal Metals & Alloys Ltd.

IUP Jindal Metals & Alloys Ltd. is a leading manufacturer of High Quality Precision Stainless Steel Cold Rolled Strips. Offering a wide choice of thin and ultra thin cold rolled strips, the precise properties of strips produced meet the most stringent of requirements.

The Precision Stainless Steel manufactured is used by various industries. These include the textile industry, automotive industry, chemical industry, flexible tubes & capillary tubes, clocks, watches & electrical equipments, to name but a few.

VISION

Build a company with an inimitable, innovative and process driven business environment with the highest level of commitment. To also continually improve the level of customer satisfaction by consistently providing high quality and cost effective products.

An alliance forged in steel, cast to perfection

Imphy UGINE Precision is one of the world's prominent Precision Stainless Steel & Soft Nickel Alloys Extra Thin Strip suppliers, having a wide customer base around the globe. They now provide technological support in addition to the latest equipment to IUP Jindal. The company benefits from continuous Technical support including the latest know how.

A LEGACY THAT
INSPIRES THE
FUTURE

Jindal SAW

Jindal SAW Ltd. (An OP Jindal Conglomerate) has a 30-year track record of stability, trust & growth. From mining of iron ore to manufacturing value added steel products, the Jindal Organization has a pre-eminent position in the Flat Steel segment in India. It is also the undisputed leader in the Indian Stainless Steel industry.

Jindal SAW Limited, a company of the Jindal Organization, was the first (1980) to manufacture Precision Stainless Steel in India, through its **Swastik Foils** Division (Now IUP Jindal Metals & Alloys, after the JV), and is also the pioneer in the Indian Stainless Steel Precision Cold Rolled Strips industry. It's also the largest manufacturers of SAW pipes in the country and a significant player in DI & Seamless Steel Pipe Industry.

THE
RANGE,
 EXTENSIVE.

THE
QUALITY,
 MATCHLESS.

Cold Rolling of Stainless Steel Precision Strips

- Precise Slitting to finish size.
- Edge Deburred Strips.
- Round Edge Strips
- Chamfered Edge Strips

Infrastructure

Rolling Mill

20 Hi Rolling Mill equipped with AGC to roll precision strips with close tolerance.
 – 25" wide
 – 24" wide
 – 18" wide

Annealing & Pickling

– Conventional Lines 3 Nos.
 – Bright Annealing 2 Nos.

Tension leveler (Brodeur make) 1 No.

Skin Pass Mill 1 No.

Slitting

- 25" wide
- 24" wide
- 8" wide

Deburring Line 1 No.

Product Portfolio

Grades / Material designation

- AISI 200 Series stainless steel
- AISI 300 Series stainless steel
- AISI 400 Series stainless steel

Size Range

- Thickness 1.5mm to 0.03mm
- Width 620mm To 3.5mm

Edge Condition

- Mill Edge
- Slit edge
- Deburred Edge
- Deburred & Round Edge
- Deburred & Chamfered Edge

Surface Finish

- 2D
- Hard (1/4 Hard, 1/2 Hard, 3/4 Hard, Full Hard)
- 2B
- BA
- 2R
- 2H

THE CUSTOMER
AND THE PRODUCT.
NOTHING
ELSE MATTERS.

Quality Policy

- Customers define the quality
- Pledge to continually improve customer satisfaction by focusing on product and service quality.
- Identify present and future quality needs in markets as part of planning process. Encourage the establishment of mutually beneficial supplier / customer relationship.
- As a minimum requirement, operate as per ISO 9001: 2008, throughout business activities to promote the culture of efficiency, effectiveness and continuous improvement.
- Achieve quality objectives through effective management and efficient operational processes and accordingly, decide priorities of business development plans.
- Committed to regularly review and update the necessary personnel and infrastructure to achieve quality objectives.

DIVERSE NEEDS,
PASSION
FOR ALL

Auto Industry

- Metallic Gaskets
- Spiral Gaskets
- Shims
- Deep drawn profiles
- Exhaust System
- Spiro metal joints
- Clamps
- Pipes & Tubings

Industrial Segment

- Flexi metal tubes / bellows
- Distillation columns
- Exchangers
- Micro tubes
- Filters
- Flues
- Hardware
- Insulation Parts

Textile machineries

- Weaving comb

Electronic Industry

- Electron gun
- Hard disk parts
- Hardware
- Fiber optic cable armouring

Electrical Industry

- Connectors
- Resistance
- Springs
- Contact breakers

Contacts & Connectors

Consumer durables

- Lifestyle Products
- Utensils
- Furniture (Tubings)
- Writing instruments
- Cutlery
- Decorative items

Our assets, our customers

- Alfa Laval
- Tranter India Pvt. Ltd.
- Senior India Ltd.
- Sulzer India
- Koch Glistch
- Aeroflex Industries Ltd.
- Eiring Klinger
- Banco India
- Klipco
- Jupiter Industrial
- Sandhar Components
- Glowtronics
- Talbros Automotive
- Minda

ACTIONS THAT LEAVE A
**POSITIVE
IMPACT**
FOR GENERATIONS TO COME.

- Gas based electricity generating unit which ensures quality electric supply and lowers carbon foot prints as compared to coal / diesel based units.
- Liquid effluent is properly treated in the Effluent Treatment Plant unit, and the recycled water is used in the garden to maintain greenery around the plant.
- Fuel gases from the furnace are used to heat up the acid bath and are treated before it is let off in environment.
- Own raw water treatment plant.

Safety comes first, always

- Committed to protect the health and safety of each employee as our overriding priority.
- Believe that all occupational injuries and illness are preventable.
- Recognize that the planning as well as the implementation of actions to help our employees work in a healthy, injury free environment is, first of all, the responsibility of management but requires the active participation and involvement of everyone.
- Pledge to make available all the means and resources necessary for carrying out tasks safely.
- Emphasize the personal commitment of everyone to respect health & safety rules and regulations.

READY FOR DELIVERY.
**WITH
CARE.**

- Coil edge protector are placed along the edges and wrapped with polythene & Hessian cloth, and the bundles are stacked on wooden pallets either parallel to the Horizontal Axis or Vertical Axis.
- Export consignments are stacked in wooden boxes
